143 N. Broad Street
Klamath Falls, OR 97601

RE: Klamath County FD #1 Fire Station 5

Dear President Storey,

Previously ISO reported to your fire district that your new fire station #5 at 4950 Lakeshore Drive in Klamath Falls was not creditable due to lack of fire fighter availability at that station.

This decision has been review by senior staff and it was determined that the method of operations/staffing of this fire station met the intent of the Fire Suppression Rating Schedule. Fire Station 5 is being submitted to vendor who digitized our map information to update our GIS to recognize this station. The footnote in the Community Mitigation Classification Manual is being revised to remove the mention of this station as an unrecognized fire station in the next available publication.

I am sorry if this has cause problems for your district. If there is anything we can do for you concerning this issue, please call or write.

Sincerely,

Tom Geibel, CFPS
Senior Community Mitigation Analyst
