All Call for Help!

With the recent snow in the Klamath Basin approximately 1000 fire hydrants have been buried. Klamath County Fire District No. 1 and the City of Klamath Falls do not have the personnel to clear the area around these hydrants. **We are asking for the help of all our citizens!**

Please check the hydrant closest to your home or business. Typically hydrants are placed 500 feet apart in residential neighborhoods and city streets. In order for fire personnel to access a hydrant a 3 foot minimum area needs to be cleared around it.
